## Livestock Deserve the Best

“This bull, Captain Obvious, hurt his pelvis leaving the chute. It was vet recommended that he take 6 months off to heal. We incorporated MagnaWave weekly into his rehab which helped beyond my expectations, after his 3rd treatment he jumped the pipe fence to visit the girls.”

- Farley Nash

## WHAT IS MAGNAWAVE FOR LIVESTOCK

MagnaWave your livestock to improve their general health and wellness, including pre-show relaxation and post-event recovery. Working on a cellular level, MagnaWave encourages your animal's body to heal itself. Stock owners can generally see and feel an improvement in the way your livestock heals and recovers after several MagnaWave sessions. MagnaWave for your show stock is a safe and effective, drug free alternative to keep your animals in optimal health.

### BENEFITS FOR LIVESTOCK:

- » Non-Invasive & Drug Free
